

PROVINCE OF MANITOBA

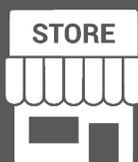

281 Cases

COVID-19 Cases as of May 4, 2020			
Province	Number of Cases	Deaths	Recovered
Saskatchewan	467	6	307
Manitoba	281	6	238
Alberta	5,836	104	2,942
British Columbia	2,224	117	1,417
Canada	60,772	3,854	26,016

Gradually restore services

Open some businesses

Increase recreational opportunities

REOPEN MANITOBA

Manitoba's first steps to safely ease public health measures are part of an overall strategy – one that is gradual, evidence-informed, and proportionate to the level of COVID-19 infection and risk in the community – and in keeping with the pandemic goals of minimizing serious illness or death and societal disruption.

Some have questioned whether Hutterite Communities are exempt from the public orders. In a letter to Hutterites dated April 7, 2020, the Government of Manitoba clearly indicated that Hutterites ARE included in all Public Health Orders.

<p>Reopening Plan: Phase ONE</p> <p>MAY 4, 2020</p>	<p>Restoring Services (Phase One)</p> <p>Critical public health measures and current travel restrictions will remain. This includes 14-day mandatory self-isolation upon one's return to Manitoba and limits on travel to the north. Priority elective surgeries have been restarted, diagnostics screening will resume and some non-essential businesses will be reopened.</p> <ul style="list-style-type: none"> ▪ Schools will remain closed ▪ Non-urgent surgery and diagnostic procedures restored ▪ Therapeutic and health care services restored (regulated health professionals such as dentists, dental hygienists, chiropractors, physiotherapists, optometrists and podiatrists) ▪ Retail businesses reopen ▪ Patio/walk-up services for restaurants restored ▪ Museums, galleries and libraries reopen ▪ Outdoor recreation and campgrounds reopen <p>In all cases, clients must maintain a distance of at least two metres, except when receiving service or for brief exchanges. All businesses will be required to limit occupancy to 50 per cent of normal business levels or one person per 10 square metres, whichever is lower.</p>
<p>Reopening Plan: Phase TWO</p> <p>JUNE 1, 2020</p>	<p><i>Beginning no earlier than June 1, 2020.</i></p> <p>Critical public health measures and travel restrictions will remain. This includes mandatory self-isolation upon one's return to Manitoba and limits on travel to the north. Any changes made in this phase will depend on the evaluation of the previous phase.</p> <p>Phase Two may include expanding public gatherings, restoring dine-in services for restaurants, and restoring non-contact children's sports.</p>
<p>Reopening Plan: Future Phases</p>	<p>Public health measures may be further eased based on ongoing public health data and surveillance. Physical distancing measures will remain in place. Travel restrictions may be eased, depending on public health data and surveillance. Specific considerations are included relating to performing arts venues, other non-essential businesses, and large gatherings and events.</p>
<p>Maximum Gathering Size</p>	<p>Public gatherings such as social gatherings, worship, weddings and funerals will continue to be restricted to 10 persons for the foreseeable future, with the total number of persons permitted increasing gradually if virus activity remains low based on public health data and surveillance. If virus activity remains low, government will give serious consideration in mid-May to easing the restrictions on group size.</p>
<p>Travel</p>	<p>Mandatory 14-day self-isolation is required upon one's return to Manitoba from out-of-province or out-of-Canada.</p>
<p>Enforcements</p>	<p>Public health and state of emergency orders for businesses will be enforced by public health inspectors, occupational health and safety officers and by-law officers. Police, as well as provincial and First Nations peace officers, will enforce these orders related to public gatherings and self-isolation.</p> <ul style="list-style-type: none"> ▪ Penalties for violations for individuals or corporations under the legislation range from fines of up to \$50,000 or \$500,000 and/or six months or up to a year imprisonment. ▪ Tickets can also be issued for violations under any of the orders in the amount of \$486 for individuals and \$2,542 for corporations. ▪ Officials will continue with the system of escalating enforcement, including education, warnings and tickets.
