

PROVINCE OF ALBERTA

How can I help my community?

Check in with your neighbours, especially seniors.

You could call them, share baking, share positive factual stories or share a new knitting project.

Do with a bit less

- In order to limit grocery trips and outings.
- And to make sure other people have access to what they need as well.

STAYHOME STAY HEALTHY

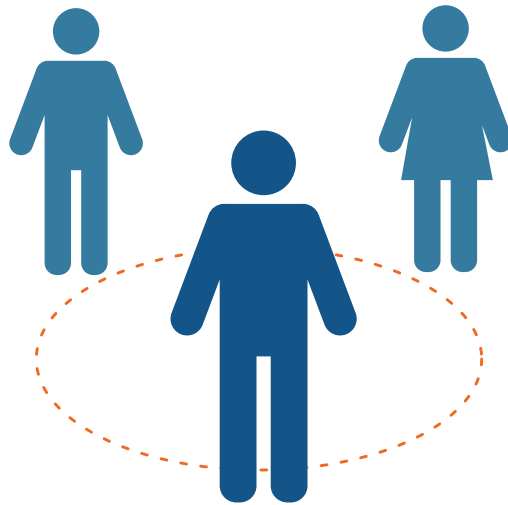

1,732 Cases

COVID-19 Cases as of April 13, 2020

Province	Number of Cases	Deaths	Recovered
Saskatchewan	300	4	178
Manitoba	246	4	99
Alberta	1,732	46	877
British Columbia	1,490	69	905
Canada	25,680	780	7,737

Physical Distancing.

It is law to practice keeping a space of 6 feet between persons who are not family. Please respect this space, as it is not that people don't like you or don't wish to be near you. Don't be offended if people ask for space and move away to create 6 feet distancing. Rather, use smiles, waves, and/or positive comments, while maintaining appropriate physical distance.

Stay at home but stay healthy and active.

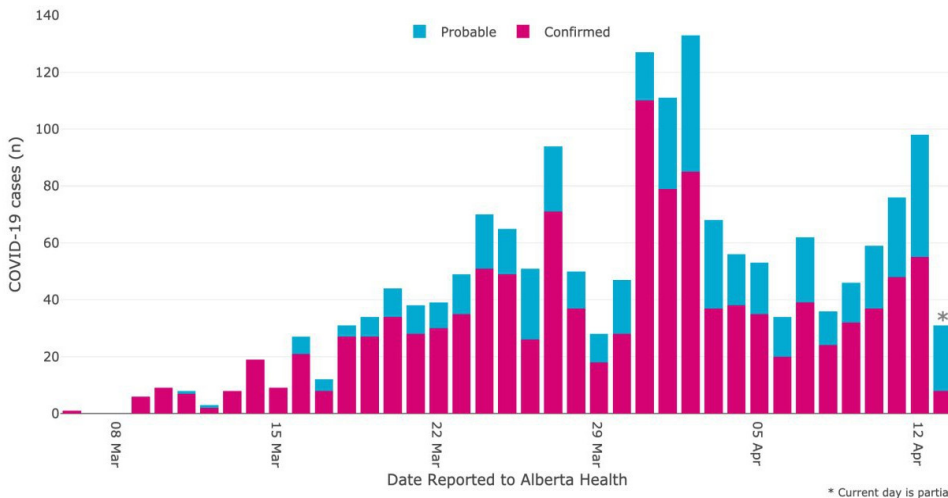

If you are healthy, it is OK to go outside as long as you keep a safe distance from others.

Spread the facts.

If you're going to spread anything, spread help, compassion, and humour.

What's Next?	<p>Many questions have come up regarding how long these restrictions will be in place. In short, no one knows. However, what the experts point out is that if everyone complies with the Public Health Orders we may begin to see some relaxing of the orders in three to four weeks.</p> <ul style="list-style-type: none"> On April 13, Chief Medical Officer Dr Hinshaw indicated these restrictions will stay in place for some time. The Alberta Public Health Order will remain in effect until rescinded by the Chief Medical Officer of Health.
Maximum Gathering Size	<ul style="list-style-type: none"> Update as of March 27: Public and private gatherings of more than 15 people in one room are prohibited. Physical distancing of two-meter (6 ft.) distance between people must be maintained.
Essential Services: Barns, Shops, and On-Farm Stores	<p>Businesses and services on the essential services list, such as agriculture production and slaughter plants, can continue to provide services at locations accessible to the public, but they must have proper risk mitigation measures in place, such as sanitation stations and appropriate distancing between customers.</p> <ul style="list-style-type: none"> Practice two-metre (6 ft.) physical distancing between people in the workplace. At the first sign of a cough or fever, self-isolate for 14 days. Prohibit people from coming to work sick. Maintain sanitation stations.
Non-Medical Masks	<p>Wearing a non-medical mask, even when you are without symptoms, is an additional measure you can take to protect others around you, especially where physical distancing can't be maintained. Such as when shopping or during meat processing or dishing food in <i>Kuchel</i>.</p>
Hutterian Safety Council (HSC) - Roles and Responsibilities	<ul style="list-style-type: none"> The HSC's role is to disseminate reliable information to Hutterite Communities from governmental sources. HSC mediates between communities and Public Health Inspectors to find non-police solutions whenever complaints are filed against Hutterite Communities. HSC does NOT file complaints.
Enforcement Information	<p>Under the Public Health Act, RCMP are able to issue tickets to enforce COVID-19 Public Health Orders. Individuals face the following consequences:</p> <ul style="list-style-type: none"> Fines of \$1,000 per occurrence. More serious violations face fines of up to \$100,000 for a first offence and up to \$500,000 for subsequent offences. Violating any instructions provided to you when you entered Canada could lead to up to 6 months in prison and/or \$750,000 in fines. Alberta Health Services Public Health are now capturing all public health complaints and are forwarding them to Law Enforcement. Infections and deaths caused by breaching any Public Health Orders is now an offence and punishable by law.

"This was a difficult decision to make, but we must do everything we can to protect the safety of Albertans and limit the spread of COVID-19. Grocery stores, pharmacies, delivery services and other essential businesses will continue to provide Albertans with the goods and services they need, and we'll look to Alberta's business leaders to find innovative ways to continue remote operations and protect jobs. These businesses must do everything they can to safeguard the well-being of the hardworking employees on the front lines."

~ Jason Kenney, Premier

"These are aggressive measures and we don't take them lightly. We need to do everything we can to flatten the curve and keep people healthy. I strongly encourage all Albertans to stay close to home as we are all in this together. Our collective action will protect our family, friends and neighbours." ~ Dr. Deena Hinshaw, Chief Medical Officer of Health
